WINTER 2005

HB 71 Compliance to be Published

By Molly Waters, Water Conservation Coordinator, DWRe

As required per the Water Conservation Plan Act, the Utah Division of Water Resources (DWRe) will be publishing a list of all non-compliant and communities that are overdue in a statewide newspaper in December.

The Water Conservation Plan Act requires that all water retailers with over 500 service connections and all water conservancy districts create a water conservation plan and file it with the Utah Division of Water Resources. These plans are also required to be updated once every five years. Because this is the fifth year after the 1999 creation of the act, many plans that were submitted are now overdue.

The following lists water agencies that are non-compliant or overdue as of December 27th, and will be published in a statewide newspaper at year's end. Please check to be sure your community is not listed here. For more information or if you have questions, please contact Molly Waters at mollywaters@utah.gov or 801-538-7254.

NON COMPLIANT (No Plan)

Charleston Water Conservancy District
Clinton City Water
Grantsville Municipal Water System
Highland Culinary Water
Layton City Water
Lewiston Culinary Water System

Wolf Creek Water & Sewer Company

AWRA-Utah Announces Annual Luncheon

By Eric Klotz, Section Chief, DWRe

Seasons Greetings AWRA Members! It's time to renew your AWRA – Utah section membership and plan your Calendar for next year's events. Our luncheon is planned for January 13, 2005 at the DNR Auditorium at 1PM.

The theme for this year's luncheon will be "Colorado River/Lake Powell Management Alternatives During Utah's Extended Drought". Larry Anderson, Director of the Utah Division of Water Resources and Utah's representative on the Upper Colorado River Commission will be the featured speaker. Please see the website to renew your membership and register for the luncheon.

Also mark your Calendar for the upcoming 33rd annual conference to be held May 11, 2005 at the Law and Justice Center in Salt Lake. The theme will

be "Impact of Drought on Management of the Colorado River and Lake Powell". Excellent speakers will be on the agenda representing Federal agencies and the Upper and Lower Basin States.

We hope you can attend both of these events and look forward to seeing you there. Additional information can be viewed at our website www.awra.org/state/utah/index.html

Calendar of Events

Please visit our Events Calendar located at www.conservewater.utah.gov/calendar.

January 24-26, 2005

Utah Nursery & Landscape Association Annual Green Industry Conference

The theme for the 2005 Utah Green Conference and Trade Show will be "Green Connections" connecting the green industry together.

Three days of seminars will be highlighted into 5 tracks again. The Greenhouse track will have hands on workshops dealing with issues in the greenhouse such as insects, disease, weeds and other problem areas in the greenhouse as well as beneficial insects and soft chemicals. An introduction to new chemicals will also be a highlight.

New varieties of plant materials for greenhouse production will also be highlighted.

The other seminars and workshops will include a 2 hours session on "More Profit Through Strategic Thinking" by Mark Hanson, BYU Marriott School of Business. Also, design workshops that will focus on Principles of Design-Form Composition, Designing Public Spaces for Multi-unit Housing Developments, Designing and Installing Exterior Structures, i.e. Arbors, Gates, Fences and Pergola's. Designing for Year Round Seasonal Interest, and Holiday Lighting Basics. For the tree care sessions, Landscape Design Principles for the Urban area, Physiology of Drought, and Caring for Trees Under Drought Conditions. Still in the planning for seminars will be Hardscaping, Legal Issues Water Features, irrigation workshops and turf issues. More information will be available after November 1st on the UNLA website.
